Canada

Dear Stephanie Allman,

Re: Enbridge Gas Inc (Enbridge Gas)
Ontario Energy Board (OEB) File No.: EB-2022-0111
Bobcaygeon Pipeline Project – Notice of Hearing

I am the owner of the farm land at [REDACTED]
[REDACTED] **The above address is my mailing address. I did not receive the copy of the OEB's Notice of Hearing with Enbridge Gas's Application and Exhibits, evidence filed with the OEB for Enbridge's Bobcaygeon Pipeline Project. I have read a copy of these materials that were sent to my brother, Michael Joseph Fitzpatrick, [REDACTED].**

My preference is in-person public forms, open, frank discourse, for all to hear.

I do not want the farmland, the wetland in the centre of it – a runoff from Emily Creek, protected by the Kawartha Conservation Authority, the major aquifer, under the hill at the south end of the farm, protected by the City of Kawartha Lakes' Official Plan on the Environment, to be adversely impacted environmentally by the proposed plan and/or for it to cause health and safety effects.

In light of current climate changes, more customers are choosing or converting over to, heat pumps with an electric furnace.

Please acknowledge receipt of this letter, in writing; enclose a copy of the letter and documents you sent to Michael re: File No. EB-2022-0111 and include me in any future correspondence regarding the Bobcaygeon Pipeline Project.

Yours truly,

Mary Adrienne Fitzpatrick
