Dear Ms. Marconi,

Re: 2024 Cost of Service Application for Electricity Distribution Rates (EB-2023-0045)

In a letter dated January 25, 2023, Orangeville Hydro submitted its notice of intent to file a Cost of Service application for May 1, 2024 rates. Orangeville Hydro has been diligently working and preparing to file a rebasing application for distribution rates effective May 1, 2024.

Unfortunately, for multiple reasons including resource constraints, Orangeville Hydro will not be in a position to meet the scheduled filing date of August 31, 2023.

Orangeville Hydro will continue to use its best efforts to complete all remaining work to file its rate application on or before September 29, 2023.

Despite this application filing delay, Orangeville Hydro remains hopeful that its application can still be processed in time for rebased rates to be effective and implemented for May 1, 2024.

If there are any questions, please feel free to contact the undersigned.

Yours truly,

A handwritten signature in blue ink, appearing to read "R. Koekkoek".
