Dear Ms. Marconi,

Re: 2024 Cost of Service Application for Electricity Distribution Rates (EB-2023-0055)

Wasaga Distribution Inc. (WDI) has been diligently working and preparing to file a rebasing application for distribution rates effective May 1, 2024. Unfortunately, for multiple reasons including resource constraints, WDI is unable to meet the scheduled filing date of August 31, 2023.

WDI is confident that it will be able to file its cost of service rate application with the OEB on or before October 31, 2023. Despite this application filing delay, WDI remains hopeful that our application can still be processed in time for rebased rates to be effective and implemented for May 1, 2024.

Please contact the undersigned if there are any questions with the foregoing.

Sincerely,

A handwritten signature in blue ink, appearing to read "Ashly Karamatic".
