¹ Per the direction in the Working Group Terms of Reference, maximum eligible hours for each meeting are set at 2.0 times actual meeting time. Working Group members who were unable to attend a meeting are eligible to claim up to 50% of the maximum eligible hours for a given meeting, to account for preparation, follow-up, and review of meeting materials.

² Review of one or more of these reports was a discussion item at most Working Group meetings; however, members may allocate additional time used to review and comment on reports to this activity, if needed.

³ This will cover any discussions Enbridge wishes to have with members outside of Working Group meetings (this time could be used by the Working Group member for discussion with Enbridge and/or research/preparation for such discussions) in the time period from January 1, 2023 to June 30, 2023. It may also be possible for a member to include such time commitments as part of the typical meeting preparation activity (see footnote 1), but this provides an additional option when more than a short follow-up is needed.

⁴ Maximum hours claimed for both the previous (July 1, 2022 to December 31, 2022) and current cost awards periods should not exceed 10 hours combined.
