Please accept this letter as an indication of my intention to actively participate in the Union Gas Limited Rates for 2009 proceeding.

My interest in this proceeding stems from my involvement with the energy industry in Ontario through my energy consulting business. Many of my clients have a significant interest in energy market developments in Ontario, particularly rate unbundling and rate design, and as such, it is important for me to be actively involved in this proceeding.

Without limiting the general scope of my participation, I may submit evidence, argument, or a submission in order to pursue particular matters within the proceeding. In addition, I may cross-examine witnesses and participate in the interrogatory process and consultative/settlement meetings in order to understand/resolve particular issues or matters in the proceeding.

The scope and nature of my active participation will be determined once I have had an opportunity to further review the Applicant's evidence in more detail. I was an active participant in the Union 5 year Incentive Regulation Settlement Agreement and want to ensure the proposed 2009 rates are reflective of this Settlement.

At this time I do not anticipate I will be seeking an award of costs. My contact information and e-mail address is as per the above letterhead. I appreciate and request Enbridge and Union would continue to provide the Application materials to me electronically and Internet based.

Yours sincerely,

  
Jason F. Stacey
