BY DELEGATION, BEFORE: Brian Hewson

September 5, 2023

DECISION AND ORDER

Atlantic Power Limited Partnership filed an application on August 11, 2023, under section 60 of the *Ontario Energy Board Act, 1998* (OEB Act), for renewal of its electricity generation licence.

This Decision and Order is being issued by the Delegated Authority, pursuant to Section 6 of the OEB Act. The Delegated Authority has considered the application without holding a hearing pursuant to section 6(4) of the OEB Act.

Atlantic Power Limited Partnership owns three generation facilities, located in Nipigon, Tunis and Hearst, Ontario, which are operated by Atlantic Power Services Canada LP, a licensed electricity generator (EG-2011-0348).

After considering the application and assessing the technical capability and financial viability of the applicant, the OEB finds that it is in the public interest to grant the application and issue an electricity generation licence to Atlantic Power Limited Partnership.

IT IS ORDERED THAT:

1. The application is granted, on such conditions as are contained in the attached licence.
