Dear Ms. Marconi,

EB-2023-0128 – Niagara Reinforcement Limited Partnership (NRLP) – Application for 2024 Transmission Revenue Requirement – Draft Decision and Order – Comments

Hydro One Networks Inc. on behalf of NRLP has one comment relating to the draft Decision and Order for NRLP's 2024 Transmission Revenue Requirement Application, sent by the Ontario Energy Board (OEB) on August 30, 2023. On page 1, Section 1 of the draft Decision there are two typographical errors related to total estimated bill impact; NRLP's residential customer estimated total bill increase percentage should be **0.0015%** and the general service customer estimated total bill increase percentage should be **0.0010%**, however, 0.015% and 0.010% respectively are shown in the draft Decision.

An electronic copy of the comments has been submitted, by Hydro One Networks Inc. on behalf of NRLP, using the Board's Regulatory Electronic Submission System.

Sincerely,

Kathleen Burke
