

**Enersource Hydro Mississauga Inc.**  
**Recognition of Smart Meter Costs up to December 31, 2007**  
**EB-2008-0265**

**Interrogatories**

**1. Re: Cost Breakdown**

- a) Please provide a fully completed version of each of Appendix A and Appendix E to the Board's August 8, 2007 Decision with Reasons in the smart meter combined proceeding (proceeding EB-2007-0063), showing separately costs for smart meters installed for the period of May 1, 2007 to December 31, 2007.
- b) If the per unit costs listed in (a) differ from the per unit costs listed in Appendix A to the Board's August 8, 2007 Decision with Reasons in the smart meter combined proceeding (proceeding EB-2007-0063), please explain the reason(s) for the difference(s).

**2. Re: Audit information**

Please confirm whether all of the smart meter costs that are the subject of this application have been audited. If not, please explain.

**3. Re: Elster Contract**

Please confirm whether the smart meter costs for the period May 1, 2007 to December 31, 2007 that are the subject of this application were incurred pursuant to the same contract with Elster Energaxis that was filed in confidence with the Board in the smart meter combined proceeding (proceeding EB-2007-0063). If not, please file the new or amended agreement(s) under which those smart meter costs were incurred, in whole or in part.

**4. Re: Beyond Minimum Functionality Costs**

Page 1 of the application states that the smart meter costs that are the subject of the application relate to functionality "that does not exceed the minimum functionality adopted in Ontario Regulation 425/06".

Please describe any costs associated with functionality that exceeds the "minimum functionality", including any costs associated with "meter data functions" (as defined in section 2(5) of Ontario Regulation 426/06) to be performed by the Smart Metering Entity.
