Thank you for the opportunity to comment on the Bobcaygeon Enbridge project.

We are awaiting the ability to hook up to natural gas. Having natural gas will provide a more reliable fuel source for us. Currently propane is only delivered 1x per week which leaves us on edge sometimes in the winter months.

Also for a stand by generator natural gas is a much better solution. We look forward to hooking up to the new gas line, hopefully some time in 2024.
