Dear Nancy Marconi:

**Re: Enbridge Gas Inc. (“Enbridge Gas” or the “Company”)
Ontario Energy Board (“OEB”) File No. EB-2022-0157
Panhandle Regional Expansion Project
Extension Request**

Within its Procedural Order No. 6 dated July 28, 2023, the OEB established a procedural timeline that included a deadline for Enbridge Gas to file written responses to OEB staff and intervenor interrogatories on its amended application by September 26, 2023. Additionally, on August 25, 2023, Enbridge Gas filed a letter which provided a list of interrogatory and undertaking responses currently on the record which can be updated to reflect the Company’s June 16, 2023 amended application. In the letter, Enbridge Gas stated that it would file updates to those responses on September 26, 2023, at the same time which the Company is due to file its responses to OEB staff and intervenor interrogatories on its amended application.

On September 11 and 12, 2023, nine parties submitted interrogatories on Enbridge Gas’s amended application, in addition to the interrogatory and undertaking responses which the Company identified would be updated.

Because of the volume of information to be considered and to provide sufficient time for Enbridge Gas to develop comprehensive responses to the new interrogatories while ensuring consistency and clarity with respect to the updated interrogatory and undertaking responses, the Company is requesting an extension to file its responses to the new interrogatories, updated interrogatory responses, and updated undertaking responses by October 3, 2023.

If you have any questions, please contact the undersigned.

Sincerely,

Haris Ginis
