**EB-2022-0157 – Panhandle Regional Expansion Project Leave to Construct
Pollution Probe Letter on EGI Extension Request**

Dear Ms. Marconi:

Pollution Probe is in receipt of Enbridge's letter dated September 18, 2023 requesting that the OEB extend the date for responses to Interrogatories from September 26th to October 3rd, a 1 week extension. Pollution Probe supports Enbridge's request given that it will be important that Enbridge provide comprehensive responses. Given that the procedural steps following Enbridge's response to Interrogatories depend on the responses Enbridge provides, Pollution Probe requests that the OEB also move the other procedural dates by 1 week.

Respectfully submitted on behalf of Pollution Probe.
