Issues:

The Consumers Council of Canada is materially impacted by the application as it represents residential consumers of electricity. At this point our interest is in all of the issues included on the standard issues list for cost of service proceedings. Our interest may be narrowed upon a complete review of the evidence and following the interrogatory process.

Hearings:

At this point the Council cannot assess whether a written or oral hearing would be best. That determination will follow the interrogatory process.

Evidence:

The Council does not intend to file evidence in this proceeding.

Coordination with Other Intervenors:

The Council regularly coordinates with other intervenors in OEB proceedings and will do so in this case.

Cost Awards:

The Council is seeking cost award eligibility and recovery of its reasonably incurred costs. The Council would be unable to participate in the absence of cost award. The Council has participated in many electricity rate applications over many years and has been found eligible for cost awards for all of those applications.
