**Re: InnPower Corporation  
2024 Cost of Service Application  
Defined Extension Request – Resumption Date  
Ontario Energy Board File Number: EB-2023-0033**

On September 29, 2023, InnPower Corporation filed a letter requesting the OEB approve an extension to October 13, 2023 to file a settlement proposal. The OEB had previously approved an extension request to file on September 29, 2023.

The OEB approves the extension request to October 13, 2023, resulting in a total extension of 29 calendar days. Correspondingly, OEB staff's submission on the settlement proposal shall be filed on October 24, 2023.

The OEB's performance standards for processing applications set out the typical steps and number of days that it takes to hear each type of application. The OEB has a [Protocol for Adjusting Adjudicative Timelines](#)<sup>1</sup> (Protocol) that establishes a mechanism for the treatment of material delays in adjudicative proceedings that are not within the OEB's control.

The OEB's Protocol also indicates that the performance standard for the planned decision issuance date would be affected if the extension is longer than two weeks. Therefore, in keeping with the OEB's Protocol, the decision metric date for InnPower Corporation's application is extended by 29 calendar days to March 7, 2024.

Yours truly,

Nancy Marconi  
Registrar
