Dear Ms. Marconi:

Re: EB-2022-0157 – Enbridge Gas Inc. – Panhandle Regional Expansion Project

I am writing on behalf of Environmental Defence regarding the evidence in this proceeding and the oral hearing. After reviewing Enbridge's updated evidence and updated interrogatory responses, we believe it would be helpful for the OEB to have an update of Environmental Defence's evidence. For instance, this update would reflect the latest commodity costs and Enbridge's updated customer attachment forecast. This would provide better consistency and comparability with Enbridge's evidence. We therefore plan to file an update and propose to file it by noon on October 20th at the latest.

With respect to the hearing, it is not clear whether parties will have any questions for Dr. McDiarmid. We propose to reach out to parties to determine whether that is the case and whether her attendance is necessary.

In the meantime, we welcome any directions that the OEB might have for us regarding the above topics.

Yours truly,

Kent Elson

cc: Parties in the above proceeding
