Re: Consultation on Policy for Standby Rates
AMPCO Request for Eligibility for Costs
OEB File No. EB-2023-0278

Dear Ms. Long:

I am writing pursuant to the Ontario Energy Board's (OEB) Notice dated September 28, 2023 regarding the above consultation to request participant status and eligibility for cost awards.

AMPCO's Interest

AMPCO is a not-for-profit consumer interest advocacy organization. AMPCO's members represent Ontario's major industries: forestry, chemical, mining and minerals, steel, petroleum products, cement, automotive and manufacturing and business consumers in general. AMPCO members are major investors, major employers and a major part of communities in which we operate, across Ontario.

AMPCO participates in many proceedings, working groups, consultations and initiatives of the OEB in which matters relevant to customers and Ontario's large electricity consumers are being addressed. AMPCO is registered as a frequent intervenor before the OEB. AMPCO intends to apply for recovery of its reasonably incurred costs related to this consultation.

AMPCO's intended participation is to represent large industrial electricity customers who are currently load displacement generators or may be in the future. AMPCO's interest is to ensure that any policy decisions with respect to standby rates are made with consideration of the interests of large customers.
