Dear Nancy Marconi:

**Re: Enbridge Gas Inc. (Enbridge Gas)
Ontario Energy Board (OEB) File No. EB-2023-0200
Sandford Community Expansion Project
Intervenor Requests**

Enbridge Gas has reviewed the intervenor request letters for the above noted proceeding from the following parties:

- Environmental Defence (ED)
- Pollution Probe (PP)
- Elizabeth Carswell

Enbridge Gas has no objection to the requests received from parties. However, the Company notes that there is significant overlap in the areas of focus for the proceeding described by the parties, specifically, ED and Elizabeth Carswell intend to focus on the risk that the revenue forecast for the Project will not materialize due to customers choosing to adopt alternatives to the Project (electric heat pumps). Enbridge Gas suggests that the OEB consider encouraging parties to coordinate their efforts to avoid duplication and ensure regulatory efficiency throughout the proceeding.

If you have any questions, please contact the undersigned.

Sincerely,

Brittany Calhoun
