1 INTRODUCTION AND SUMMARY

This is a Final Rate Order of the Ontario Energy Board (OEB) on an application filed by Alectra Utilities Corporation (Alectra Utilities), under section 78 of the *Ontario Energy Board Act, 1998*, based on a request for incremental capital module (ICM) funding within its PowerStream and Enersource rate zones (RZs). The OEB issued a Decision and Order on the matter on November 17, 2022 (Decision). Amongst other things, the Decision ordered Alectra Utilities to file a draft rate order (DRO) “with updated ICM models for the PowerStream and Enersource RZs which reflect the updated 2023 inflation factor and findings herein, and a proposed 2023 Tariff of Rates and Charges attached that reflects the OEB’s findings in this Decision as well as the findings in EB-2022-0185.”

In accordance with the Decision, Alectra Utilities filed its DRO on December 12, 2022, that included updated ICM models and Tariff of Rates and Charges setting out Alectra Utilities’ new rates within the PowerStream and Enersource RZs effective January 1, 2023. The Tariff of Rates and Charges filed as part of the DRO also reflected the findings of the annual Price Cap IR proceeding (EB-2022-0185).

On December 19, 2022, OEB staff filed a submission on the DRO. In that submission, OEB staff proposed the following minor changes to the Tariff of Rates and Charges filed by Alectra Utilities:

- For the Enersource RZ, the fixed Rate Rider for Recovery of Incremental Capital (2017) in the Large Use Service classification should read \$346.90 instead of \$346.9.
- Wording suggesting that the specific service charge for access to the power poles be approved on an interim basis has been removed for both RZs, as this is no longer the case.

As a result, the OEB is making the changes suggested by OEB staff to the wording and formatting of the Tariff of Rates and Charges to ensure consistency with the tariff sheets of other Ontario electricity distributors.

2 RATE ORDER

The approved Tariff of Rates and Charges is attached as Schedule A to this Final Rate Order.

The new rates approved in this Final Rate Order are to be effective and implemented on January 1, 2023.

THE ONTARIO ENERGY BOARD ORDERS THAT:

1. The Tariff of Rates and Charges set out in Schedule A of this Final Rate Order is effective January 1, 2023 and is to be implemented January 1, 2023. The Tariff of Rates and Charges will apply to electricity consumed or estimated to have been consumed on and after January 1, 2023. Alectra Utilities shall notify its customers of the rate changes no later than the delivery of the first bill reflecting the new rates.
