Dear Mr. Elson:

**Re: Environmental Defence
Amended Notice of Motion
Ontario Energy Board File Number: EB-2023-0313**

This letter acknowledges receipt of Environmental Defence's Amended Notice of Motion dated September 27, 2023.

The Amended Notice of Motion amends the Notice of Motion originally dated April 25, 2023 to review and vary the April 17, 2023 decision of the Ontario Energy Board (OEB) denying Environmental Defence's request to file evidence in three applications by Enbridge Gas Inc. for leave to construct (EB-2022-0156/EB-2022/01248/EB-2022-0249). On July 12, 2023, the OEB determined that the appropriate time to consider the motion was after final decisions had been made in the leave to construct applications. Those final decisions were issued on September 21, 2023. In the Amended Notice of Motion, Environmental Defence also asks for the final decisions to be reviewed.

Please note that the OEB has assigned a new File Number, **EB-2023-0313**, to this matter. Please refer to this file number in all future correspondence to the OEB regarding this matter. All information related to this matter must be filed with the Registrar at registrar@oeb.ca.

The OEB is currently conducting a preliminary review of the Amended Notice of Motion. Upon completion of this review the OEB will communicate the next steps in the process.

Please direct any questions relating to this case to the Case Manager, Zora Crnojacki, at 416-440-8104 or Zora.Crnojacki@oeb.ca.

Yours truly,

John Pickernell
Manager, Applications Administration
