Toronto, ON M4P 1E4

Dear Ms. Marconi,

**Re: EPCOR Natural Gas Limited Partnership ("EPCOR")
Brockton Expansion – Leave to Construct Application
EB-2022-0246
Reply Submission – Technical Conference**

Pursuant to Procedural Order No. 1, and in response to the October 16th submissions of OEB Staff and Environmental Defence, EPCOR does not object to a technical conference in order to provide additional clarity on evidence provided in its amended Leave to Construct application, along with its Interrogatory Responses submitted on October 12, 2023.

Should the OEB agree that a technical conference is necessary, EPCOR requests that an issues list be created in order to guide the proceeding, avoid undue delays, and provide EPCOR an opportunity to focus its preparation efforts on outstanding issues, beyond the entirety of all of the evidence it has placed on the record to this point.

Please contact me if you require any further information.

Sincerely,

Tim Hesselink, CPA
Senior Manager, Regulatory Affairs
