I disagree with the raising of already outrageous distribution rates to add yet more onto the largest hydro bills on North America! Almost 50% of my hydro bill is distribution rates already, and adding more to it just doesn't compute. I think hydro one needs to look within to get more money, with executives making ridiculous salaries compared to other hydro utilities in NA! Clean up from withing before you start trying to get blood from a stone of the already nickle and dimed to death Ontario resident!
