INTERIM DECISION AND ORDER

EB-2023-0318

COCHRANE POWER CORPORATION

Application for an Electricity Generation Licence

BY DELEGATION, BEFORE: Brian Hewson
Vice President
Consumer Protection & Industry Performance

October 19, 2023

INTERIM DECISION AND ORDER

Cochrane Power Corporation filed an application on October 19, 2023 with the Ontario Energy Board (OEB) pursuant to section 60 of the *Ontario Energy Board Act, 1998* (OEB Act), for a renewal of its electricity generation licence.

Cochrane Power Corporation's electricity generation licence EG-2003-0100 is set to expire on October 20, 2023. In order for the applicant to perform electricity generating activities in Ontario, the applicant requires an electricity generation licence pursuant to section 57 of the OEB Act.

Considering the time required to process an application in accordance with the OEB's established practice and procedures, and considering the applicant's need for a licence to carry out activities as an electricity generator, the OEB finds it expedient to extend the term of the existing licence, pending the final disposition of the matter. This Decision and Order does not constitute a final decision on the application.

IT IS ORDERED THAT:

The term of Cochrane Power Corporation's EG-2003-0100 is extended on an interim basis until April 19, 2024, or until the final determination of the electricity generation licence application, whichever is earlier. The conditions of the licence remain unchanged.

DATED at Toronto October 19, 2023
