

DECISION AND ORDER

EB-2023-0258

COMSATEC INC.

Application for a Unit Sub-Metering Licence

BY DELEGATION,

BEFORE: **Brian Hewson**
Vice President, Consumer Protection & Industry Performance

October 24, 2023

Decision and Order

Comsatec Inc. (Comsatec) filed a complete application on October 5, 2023 with the Ontario Energy Board (OEB), under section 60 of the *Ontario Energy Board Act, 1998* (OEB Act) to renew a unit sub-metering licence. The licence would allow the applicant to continue providing unit sub-metering services in Ontario.

This Decision and Order is being issued by the Delegated Authority without a hearing pursuant to section 6(4) of the OEB Act.

The applicant was previously licensed by the OEB to provide unit sub-metering services, however its licence expired on July 4, 2023. Comsatec acknowledges that it had been providing unit sub-metering services without a licence since July 4, 2023.

After considering the technical and financial capability of the applicant, the OEB finds that it is in the public interest to grant the application and issue the unit sub-metering licence to Comsatec. The OEB notes the application was filed by the applicant 50 days after the expiration of the existing licence. Applicants are reminded of the importance to apply for renewal of any licence sufficiently prior to the expiry date to allow for processing of the application. The granting of this licence is without prejudice to any future compliance action regarding Comsatec Inc.'s operating without a licence.

IT IS ORDERED THAT:

1. The application for a unit sub-metering licence is granted, on such conditions as are contained in the attached licence.

DATED at Toronto, October 24, 2023

ONTARIO ENERGY BOARD

Brian Hewson
Vice President, Consumer Protection & Industry Performance
