Subject: [EXTERNAL] OEB Stakeholder Registration - EB-2023-0278 Standby Rates

ATTENTION: This email originated from outside of GM.

Hi Duc,

We are writing to you because, according to our records, you are a customer currently receiving standby services from us.

The Ontario Energy Board (“OEB”) will host a stakeholder meeting to solicit input from stakeholders regarding current practices with respect to standby rates and to discuss options moving forward. The meeting will include general discussion around cost causation of standby service, what approaches incent efficient use of the distribution system, and how these are influenced by characteristics of the backup service being provided. The meeting will be scheduled shortly.

The OEB also planned a second stakeholder meeting, which will focus on participant recommendations for existing and potential future standby rates. Participants will be advised of the second meeting date in due course.

To participate in the consultation process, please email your notice of intention to registrar@oeb.ca by October 27, 2023. Emails should include ‘EB-2023-0278 Standby Rates’ in the subject line. Your participation in the consultation process is completely voluntary.

We hope you will take this opportunity to share your thoughts with the industry and help us serve you better.

Thank you for your time and cooperation.

Kevin Pratt BSc., CEM, CMVP
