

ONTARIO ENERGY BOARD

IN THE MATTER OF the *Ontario Energy Board Act*,
1998, S.O. 1998, c. 15, Sch. B;

AND IN THE MATTER OF an application by
Enbridge Gas Inc., for an order or orders for gas
distribution rate changes related to compliance
obligations under the *Greenhouse Gas Pollution
Pricing Act*, S.C. 2018, c. 12, s. 186.

AFFIDAVIT OF SERVICE

I, Bonnie Jean Adams of the City of Vaughan, make oath and say as follows:

1. I am in the employ of Enbridge Gas Inc. (Enbridge Gas) and as such have knowledge of the matters hereinafter deposed to.
2. Pursuant to the October 23, 2023 Letter of Direction from the Ontario Energy Board (OEB), I caused to be served by email the Notice of Hearing in English and French (Exhibit A), and Enbridge's Application (Exhibit B) and Evidence upon the following. Due to the size, the evidence has not been included as an Exhibit to this Affidavit.
3. As directed by the OEB in the Letter of Direction, attached hereto is proof in the form of an email (Exhibit C) that the relevant Notice of Application and Enbridge's Application and evidence was served on all parties on the following parties:
 - a) the clerks of all municipalities in which Enbridge Gas supplies gas;
 - b) the band councils of all Indigenous Communities and First Nation Reserves to which Enbridge Gas supplies gas;
 - c) the Métis Nation of Ontario;
 - d) EPCOR Natural Gas Limited;
 - e) all intervenors of record in Enbridge Gas's 2023 Federal Carbon Pricing Program proceeding (EB-2022-0194 and intervenors in Enbridge's 2023 Rates proceeding (EB-2022-0200; and

f) the ministries and agencies listed below:

- Ontario Ministry of Energy
- Ontario Ministry of the Environment, Conservation and Parks
- Environment and Climate Change Canada

4. In accordance with the Letter of Direction, I caused a copy of the Notice of Hearing and Application and Evidence to be placed in a prominent place on Enbridge Gas's website. Attached as Exhibit D is proof of the information posted to the website.

SWORN before me in the City of)
Toronto, this 30th day of)
October, 2023.)
)
)
)
)
)

A Commissioner for taking Affidavits

Bonnie Jean Adams
Regulatory Coordinator

Enbridge Gas Inc. has applied to increase its natural gas distribution rates

Enbridge Gas Inc. has applied to increase its natural gas rates effective April 1, 2024, to recover costs associated with meeting its obligations under the *Greenhouse Gas Pollution Pricing Act* and the regulations under the *Ontario Emissions Performance Standards*, as well as to recover other related account balances.

If the application is approved as filed, a typical residential customer of Enbridge Gas Inc. would see the following annual increase:

EGD Rate Zone (2,400 m³)	\$69.91
Union South Rate Zone (2,200 m³)	\$63.72
Union North Rate Zone (2,200 m³)	\$63.97

For a typical residential customer, these increases include an annual bill increase arising from the 2024 carbon charges of \$68.79 (EGD) and \$62.91 (Union South and Union North); plus, a one-time charge of \$1.12 (EGD), \$0.81 (Union South) and \$1.06 (Union North) to recover the balances in the related deferral and variance accounts.

Other customers, including businesses, will also be affected. It's important to review the application carefully to determine whether you may be affected by the proposed changes.

The federal government's *Greenhouse Gas Pollution Pricing Act* establishes a carbon pricing program under which a natural gas utility in Ontario, such as Enbridge Gas Inc., is required to pay a carbon charge to the federal government on the volume of natural gas that it delivers to its customers, and on the volume of natural gas used in the operation of Enbridge Gas Inc.'s natural gas distribution system. The federal carbon charge came into effect on April 1, 2019, has increased annually on April 1st between 2020 and 2023 and will increase again on April 1, 2024.

The *Ontario Emissions Performance Standards* program is the Ontario government's carbon pricing system for industrial emitters that came into effect on January 1, 2022, and replaced the federal government's Output-Based Pricing System in Ontario.

This hearing will be held under section 78 of the ***Ontario Energy Board Act, 1998***.

Ce document est aussi disponible en français.

YOU SHOULD KNOW

There are three types of OEB hearings: oral, electronic and written. The applicant has applied for, and the OEB intends to proceed with, a written hearing. If you think a different hearing type is needed, you can write to us to explain why.

During this hearing, we will hear questions and arguments from participants about this case. We will also hear questions and arguments from participants that have registered as Intervenor. After the hearing, we will decide whether to approve the application.

HAVE YOUR SAY

You have the right to information about this application and to participate in the process. Visit www.oeb.ca/notice and use file number **EB-2023-0196** to:

- Review the application
- File a letter with your comments
- Apply to become an intervenor

IMPORTANT DATES

You must engage with the OEB on or before **November 7, 2023** to:

- Provide input on the hearing type (oral, electronic or written)
- Apply to be an intervenor

If you do not, the hearing will move forward without you, and you will not receive any further notice of the proceeding.

PRIVACY

If you write a letter of comment, your name and the content of your letter will be put on the public record and the OEB website. If you are a business or if you apply to become an intervenor, all the information you file will be on the OEB website.

Enbridge Gas Inc. a déposé une requête en vue d'augmenter ses tarifs de distribution du gaz naturel

Enbridge Gas Inc. a déposé une requête en vue d'augmenter ses tarifs du gaz naturel à compter du 1^{er} avril 2024 pour récupérer les coûts associés au respect de ses obligations en vertu de la *Loi sur la tarification de la pollution causée par les gaz à effet de serre* et des règlements pris en vertu des normes de rendement à l'égard des émissions de l'Ontario, ainsi que pour recouvrer d'autres soldes de comptes connexes.

Si la demande est approuvée telle quelle, la facture mensuelle d'un client résidentiel type d'Enbridge Gas Inc. augmenterait de la manière suivante :

Zone de tarification d'EGD (2 400 m³)	69,91 \$
Zone de tarification d'Union Sud (2 200 m³)	63,72 \$
Zone de tarification d'Union Nord (2 200 m³)	63,97 \$

Pour un client résidentiel type, ces augmentations comprennent une augmentation annuelle de la facture découlant de la taxe sur le carbone 2024 de 68,79 \$ (EGD) et 62,91 \$ (Union Sud et Union Nord), ainsi que des frais non récurrents de 1,12 \$ (EGD), 0,81 \$ (Union Sud) et 1,06 \$ (Union Nord) visant à recouvrer les soldes des comptes de report et d'écart connexes.

D'autres clients, notamment les entreprises, seront également touchés. Il est important d'examiner la requête attentivement afin de déterminer si vous serez concernés par les changements proposés.

La *Loi sur la tarification de la pollution causée par les gaz à effet de serre* (loi fédérale) établit un programme de tarification du carbone en vertu duquel une compagnie de gaz naturel en Ontario, comme Enbridge Gas Inc., est tenue de payer une taxe sur le carbone au gouvernement fédéral pour le volume de gaz naturel qu'elle livre à ses clients et pour le volume de gaz naturel utilisé dans le cadre de l'exploitation du réseau de distribution de gaz naturel d'Enbridge Gas Inc. La taxe fédérale sur le carbone est entrée en vigueur le 1^{er} avril 2019, a augmenté annuellement le 1^{er} avril entre 2020 et 2023, et augmentera à nouveau le 1^{er} avril 2024.

Le programme de normes de rendement en matière d'émissions de l'Ontario est le système de tarification du carbone du gouvernement de l'Ontario pour les émetteurs industriels. Il est entré en vigueur le 1^{er} janvier 2022, et a remplacé le Système de tarification fondé sur le rendement du gouvernement fédéral en Ontario.

Cette audience sera tenue en vertu de l'article 78 de la *Loi de 1998 sur la Commission de l'énergie de l'Ontario*.

This document is also available in English.

À SAVOIR

Il existe trois types d'audiences à la Commission de l'énergie de l'Ontario (CEO) : les audiences orales, les audiences électroniques et les audiences écrites. Le requérant a demandé une audience écrite et la CEO a l'intention d'y procéder. Si vous estimez qu'avoir recours à un autre type d'audience serait préférable, vous pouvez écrire à la CEO pour lui présenter vos arguments.

Au cours de cette audience, nous entendrons les questions et les arguments des participants sur cette affaire. Nous entendrons également les questions et arguments des participants inscrits en tant qu'intervenants. Après l'audience, nous déciderons d'approuver ou non cette demande.

DONNEZ VOTRE AVIS

Vous avez le droit d'être informé au sujet de cette demande et de participer au processus. Visitez le site www.oeb.ca/notice et utilisez le numéro de dossier **EB-2023-0196** pour :

- Examiner la demande;
- Envoyer une lettre comportant vos commentaires;
- Présenter une demande pour devenir un intervenant.

DATES IMPORTANTES

Vous devez communiquer avec la CEO au plus tard le **7 novembre 2023** pour :

- Fournir des renseignements sur le type d'audience (orale, électronique ou écrite);
- Présenter une demande en vue de devenir un intervenant.

À défaut de cela, l'audience se déroulera sans vous et vous ne recevrez plus d'avis dans le cadre de la présente procédure.

PROTECTION DES RENSEIGNEMENTS PERSONNELS

Si vous écrivez une lettre de commentaires, votre nom et le contenu de cette lettre seront ajoutés au dossier public et au site Web de la CEO. Si vous êtes une entreprise ou si vous demandez à devenir un intervenant, tous les renseignements que vous déposez seront disponibles sur le site Web de la CEO.

ONTARIO ENERGY BOARD

IN THE MATTER OF the *Ontario Energy Board Act*,
1998, S.O. 1998, c. 15, Sch. B;

AND IN THE MATTER OF an application by Enbridge
Gas Inc., for an order or orders for gas distribution rate
changes related to compliance obligations under the
Greenhouse Gas Pollution Pricing Act, S.C. 2018, c. 12,
s. 186.

APPLICATION

1. Enbridge Gas Inc. (Enbridge Gas), the Applicant, was formed by the amalgamation of Enbridge Gas Distribution Inc. and Union Gas Limited on January 1, 2019 pursuant to the *Ontario Business Corporations Act*, R.S.O. 1990, c. B. 16. Enbridge Gas carries on the business of distributing, transmitting and storing natural gas within Ontario.
2. On June 21, 2018, the *Budget Implementation Act, 2018, No. 1* received Royal Assent. Included in Part V is the *Greenhouse Gas Pollution Pricing Act*, S.C. 2018, c. 12, s. 186 (GGPPA). Under the GGPPA, a federal carbon pricing program (FCPP) applies in whole or in part to any province or territory that requested it or that did not have an equivalent carbon pricing system in place by January 1, 2019. On October 23, 2018, the federal government confirmed that the GGPPA would apply to Ontario.
3. Provinces or territories can submit their own carbon pricing systems to the federal government for approval, and if approved, are not subject to Part 1 and/or Part 2 of the GGPPA.
4. On March 29, 2021, the federal government announced that effective January 1, 2022, Ontario's carbon pricing system for industrial emitters, known as the Ontario Emissions Performance Standards program (EPS), will replace the federal Output-Based Pricing System (OBPS) in Ontario. The GGPPA was amended on September 1, 2021, to

remove Ontario from Part 2 of Schedule 1 of the GGPPA, enabling the EPS to take effect in Ontario as of January 1, 2022.

5. In Ontario, the FCPP is composed of two elements: (i) a charge on fossil fuels (the Federal Carbon Charge) imposed on distributors, importers and producers effective April 1, 2019, and increasing each year on April 1; and (ii) an EPS for prescribed industrial facilities effective January 1, 2022.
6. Enbridge Gas's operations as a natural gas utility in Ontario fall under the purview of the GGPPA and EPS Regulation, which will result in the following costs being incurred that are tracked through OEB-approved deferral and variance accounts:
 - a. Incremental bad debt costs;¹
 - b. Customer-related Federal Carbon Charge costs for volumes delivered by Enbridge Gas to its residential, commercial and industrial customers who are not covered under the EPS; and
 - c. Facility-related costs (Facility Carbon Charge) arising from Enbridge Gas's facilities and operation of its gas distribution system.
7. Enbridge Gas hereby applies to the OEB, pursuant to the *Ontario Energy Board Act, 1998*, S.O. 1998, c.15, Schedule B (the Act), for:
 - a. an order or orders allowing it to charge customers a Federal Carbon Charge on a volumetric basis, in the amount of the Federal Carbon Charge required to be paid by Enbridge Gas pursuant to the GGPPA, effective April 1, 2024;
 - b. an order or orders approving or fixing just and reasonable rates for all Enbridge Gas rate zones (EGD, Union Northeast, Union Northwest and Union South),² effective April 1, 2024, to allow Enbridge Gas to recover

¹ Refer to Exhibit C, Tab 1, Schedule 1 for more information on the incremental bad debt costs.

² Collectively, the Union Northeast, Union Northwest and Union South rate zones are referred to as the "Union rate zones".

other costs (including Facility Carbon Charge costs) incurred in compliance with the GGPPA and EPS Regulation;

- c. an order or orders approving the 2022 balances for the FCPP-related deferral and variance accounts for all Enbridge Gas rate zones, as set out in Exhibit C and for an order to dispose of those balances, excluding the Customer Carbon Charge – Variance Accounts (CCCVAs), as early as the April 1, 2024 QRAM.³

- 8. Enbridge Gas further applies to the OEB for all necessary orders and directions concerning pre-hearing and hearing procedures for the determination of this application.
- 9. This application is supported by written evidence that has been filed with this application and may be amended from time to time as circumstances may require.
- 10. The persons affected by this application are the customers resident or located in the municipalities, police villages, Indigenous communities and Métis organizations served by Enbridge Gas, together with those to whom Enbridge Gas sells gas, or on whose behalf Enbridge Gas distributes, transmits or stores gas. It is impractical to set out in this application the names and addresses of such persons because they are too numerous.
- 11. Enbridge Gas requests that the OEB's review of this application proceed by way of written hearing in English.
- 12. Enbridge Gas requests that all documents relating to this application and its supporting evidence, including the responsive comments of any interested party, be served on Enbridge Gas and its counsel as follows:

³ Refer to Exhibit C, Tab 1, Schedule 1 for more information on the proposal to defer disposition of the CCCVAs.

To: Clerks of All Municipalities In Which Enbridge Gas Supplies Gas

On September 29, 2023, Enbridge Gas Inc. (Enbridge Gas) filed an application with the Ontario Energy Board (OEB) for an order or orders for gas distribution rate changes related to compliance obligations under the *Greenhouse Gas Pollution Pricing Act*.

On October 23, 2023, the OEB issued the Notice of Application along with the Letter of Direction for the proceeding. The OEB has directed Enbridge to serve a copy of the Notice of Application along with the application and evidence to the Clerks of all municipalities in which Enbridge Gas supplies gas.

-

The OEB's Notice of Application provides information on how to become informed and involved in the proceeding. Interested parties can apply to the OEB for Intervenor Status in this proceeding by November 7, 2023.

-

The application and evidence is also available on the Enbridge's [website](#) under the Other Regulatory Proceedings section.

Please contact me if you have any questions regarding the submission.

Sincerely,

Bonnie Jean Adams

Regulatory Coordinator

Enbridge Gas Inc.
