Congratulations on your Community's Grid-Connection
Sachigo Lake (November 2nd, 2023)

Dear Chief Tait & Councillors of Sachigo Lake First Nation,

On behalf of Hydro One Remotes, I would like to congratulate your community on your connection to the Wataynikaneyap Transmission Line. As of November 2nd, your community was officially grid connected and drawing power from the provincial power grid. This is a significant milestone for the Watay project, Northern Ontario, Hydro One Remotes, and the existing 188 Sachigo First Nation customers. Grid connection will provide the community the electrical capacity to expand and grow for generations.

The journey to grid connection has been challenging, but it has been a pleasure working with Wataynikaneyap Power and your community over the years. We are proud of our role of supporting making grid connection a reality. Please know that we are committed to offering the same high-quality service as we continue to serve your community post-grid connection as an electrical distributor.

You may be wondering if there will be any noticeable changes with grid connection. All of our contact numbers and emails remain the same. Residential customers will likely not notice any changes as they will have the same electricity rates, programs, and services. The Standard "A" rate will decrease from 114.89¢ to 35.99¢ a kWh, and most community programs will be unchanged. I have attached a poster that can be shared with the community with more details.

Please reach out with any questions or concerns, and we look forward to continuing our work together.

Sincere Congratulations,

Kevin Mann

Director, Hydro One Remote Communities Inc.
