Dear Ms. Melissa,

**Re: North Bay Hydro Distribution Limited - Application for 2023 Rates
OEB File Number EB-2022-0053**

The Ontario Energy Board (OEB) issued a Decision and Rate Order in the above-noted proceeding on May 09, 2023, for both its North Bay and its Espanola rate zones. This Decision and Rate Order was accompanied by Tariffs of Rates and Charges (Schedule A), which the OEB stated would remain “draft” until after North Bay Hydro Distribution Limited (North Bay Hydro) had an opportunity to review it for completeness and accuracy. North Bay Hydro did not identify any errors at that time. On October 30, 2023, notified the OEB of a typographical error on the Tariff of Rates and Charges for its North Bay rate zone. North Bay noted that the rate rider for Disposition of Global Adjustment Account (2023) displayed a sunset date of October 30th instead of October 31st.

Pursuant to Rule 41.02 of the OEB's *Rules of Practice and Procedure*, the OEB may at any time, without notice or a hearing of any kind, correct a typographical error, error of calculation or similar error made in its orders or decisions. The OEB considers this to be a typographical error.

Today, the OEB is reissuing the Tariff of Rates and Charges (Schedule A) with the error corrected. The correction can be found on Tariff of Rate and Charges (Schedule A), a copy of which is attached. The rate rider, located in the Monthly Rate and Charges section, now reads:

Rate Rider for Disposition of Global Adjustment Account (2023) - effective until October 31, 2023, Applicable only for Non-RPP Customers

The Decision and Rate Order, as originally issued, stated:

Rate Rider for Disposition of Global Adjustment Account (2023) - effective until October 30, 2023, Applicable only for Non-RPP Customers

Any questions relating to this letter should be directed to Birgit Armstrong at Birgit.armstrong@oeb.ca or 416-544-5162. The OEB's toll-free number is 1-888-632-6273.

Yours truly,
