Dear Ms. Marconi,

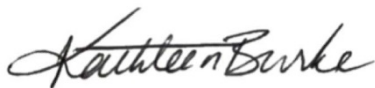

**EB-2022-0325 – Phase 2 of the Generic Hearing on Uniform Transmission Rates-Related Issues –
Input on Hearing Type**

Further to the Notice of Rate Hearing issued October 27, 2023, Hydro One is writing to provide input on hearing type.

Regarding issues 1 to 3, Hydro One submits that these issues are less complex and should be heard in writing.

Regarding issues 4 to 6, these issues are complex and will require all parties to have a good understanding of the issues. Hydro One submits that these issues should involve an oral and transcribed information session or technical conference to provide an opportunity for all parties and panel members to discuss and understand these complex issues.

Sincerely,

A handwritten signature in black ink that reads "Kathleen Burke". The signature is written in a cursive, flowing style.
