Dear Ms. Marconi:

**Re: E.L.K. Energy Inc. 2024 Incentive Regulation Mechanism (“IRM”) Distribution Rate Application
EB-2023-0013**

On November 13, 2023, E.L.K. Energy (E.L.K.) hosted a Town Hall meeting in Essex, Ontario, which provided customers with the opportunity to engage with E.L.K. about electricity reliability and power needs in the future.

After the meeting, E.L.K. gathered the attached letters of support from customers. Please note that personal information has been redacted from the letters.

Please contact me if you have any questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jim Hogan", with a long, sweeping flourish extending to the right.
