**Re: Support for E.L.K. Energy Inc. 2024 ICM Application EB-2023-0013**

---

I am a resident of the Town of Essex and a customer of E.L.K. Energy ("E.L.K.") and want to provide this letter of support for E.L.K.'s Incremental Capital Module ("ICM") application to the Ontario Energy Board ("OEB").

The reliability of the electricity service in The Town of Essex needs improvement. I support the investments in new technology that will assist in reducing outages due to the Loss of Supply. These types of investments show the commitment that E.L.K. has in improving the reliability of its electricity system.

I thank you for your time and consideration in this matter.

Sincerely,

Steven Jaworski
