Dear Ms. Marconi:

**RE: CANADIAN NIAGARA POWER INC.,
2024 4TH GENERATION INCENTIVE RATE-SETTING APPLICATION
EB-2023-0009**

On August 17, 2023, Canadian Niagara Power Inc. (“CNPI”) filed an IRM rate application to adjust its electricity distribution rates and rural and remote rate protection funding effective January 1, 2024. On September 29, 2023, the OEB issued its Procedural Order No. 1 in this matter, and CNPI has since complied with all requisite timelines under that Procedural Order.

In the event that the Board is unable to issue its Decision and Order in the matter of EB-2023-0009 for implementation of electricity distribution rates on January 1, 2024, CNPI requests that its existing rates be made interim on December 31, 2023.

Please direct any questions or correspondence in this matter to the undersigned.

Sincerely,

Oana Stefan
Manager, Regulatory Affairs
