TO: All Participants in EB-2023-0092

**RE: Enbridge Gas Inc.
Application for the Disposition of Deferral and Variance Account Balances
and Review of 2022 Utility Earnings
OEB File No. EB-2023-0092**

On August 3, 2023, the Ontario Energy Board (OEB) issued Procedural Order No. 1 in the above-captioned matter.

In Procedural Order No. 1, the OEB directed OEB staff to file its submission on the settlement proposal, if any, with the OEB and serve it on all parties by **December 14, 2023**. By letter dated November 20, 2023, Enbridge Gas advised that a tentative settlement had been reached on all issues, and on November 28, 2023, Enbridge Gas filed a settlement proposal. The OEB is extending the deadline for the filing of OEB staff's submission until after Enbridge Gas files its Draft Rate Order, reflecting the settlement, with the OEB for review. The OEB notes that this will allow OEB staff to address both the settlement and the Draft Rate Order in a single submission. It will also allow the OEB to, potentially, render a combined Decision on the Settlement Proposal and Rate Order.

OEB staff will file its submission on the settlement proposal and the Draft Rate Order **7 days** after the filing of Enbridge Gas's Draft Rate Order.

Yours truly,

Nancy Marconi
Registrar
