

## Hydro One Networks Inc. has applied for approval to refurbish a high-voltage transmission line near Kirkland Lake

The application seeks:

- Permission to refurbish ~10 kms of an existing 115 kilovolt electricity transmission line between Kirkland Lake TS and Matachewan JCT.
- Approval of the forms of agreement Hydro One Networks Inc. will offer affected landowners for routing or construction of the proposed line.

**The OEB hearing is not the only approval process required before a line is refurbished.**

Environmental issues, or issues related to the Crown's duty to consult Indigenous peoples, are not part of the OEB's review unless there is a direct impact on price and the reliability and quality of electricity service.

**A map of the transmission line to be refurbished is provided below:**
