Dear Ms. Marconi:

**Re: Toronto Hydro-Electric System Limited (“Toronto Hydro”)  
Application to Finalize 2024 Electricity Distribution Rates and Charges  
OEB File No. EB-2023-0054 – Rural or Remote Rate Protection Charge Update**

---

Toronto Hydro submitted on August 25, 2023, and updated on September 8, 2023, its 2024 Rates Update Application to finalize Toronto Hydro’s distribution rates and other charges, effective January 1, 2024. On December 7, 2023 the OEB issued its Decision and Order in EB-2023-0268 regarding regulatory charges, specifically the Wholesale Market Service (“WMS”) rate and the Rural or Remote Rate Protection (“RRRP”) charge, effective January 1, 2024. The WMS remains unchanged, while the RRRP is increasing by \$0.0007/kWh to \$0.0014/kWh.

Toronto Hydro is filing the enclosed bill impacts and tariff of rates and charges models reflecting the update to the RRRP. Toronto Hydro’s custom version of the OEB’s Incentive Rate-Setting Mechanism Rate Generator Model is not impacted by the change to the RRRP.

Please contact me directly if you have any questions.

Respectfully,
