-- Name --

Cecil Fong

-- Do you reside in the impacted service area? -- Yes

-- Comments --

I do not agree with raising my electricity bill by over \$17 over the next 5 years. Inflation and cost of living has already been hard to manage, and the increase in basic utilities will only make it harder to live.

I see no benefit to the end consumer by these rate increases, and they serve no purpose other than the end result of increased revenues and salaries of board members.
