DECISION AND ORDER

EB-2023-0266

PROVIDENT ENERGY MANAGEMENT INC.

Application for a Unit Sub-Metering Licence

BY DELEGATION, BEFORE: **Brian Hewson**
Vice President
Consumer Protection & Industry Performance

December 14, 2023

Decision and Order

Provident Energy Management Inc. filed a complete application on October 6, 2023, with the Ontario Energy Board (OEB), under section 60 of the *Ontario Energy Board Act, 1998* (OEB Act) for a unit sub-metering licence. The licence would allow the applicant to provide unit sub-metering services in Ontario.

This Decision and Order is being issued by the Delegated Authority without a hearing pursuant to section 6(4) of the OEB Act.

The applicant has been previously licensed by the OEB and applied to renew its unit sub-metering licence on October 6, 2023, which was set to expire on October 17, 2023. An Interim Decision and Order extending the licence term to April 1, 2024, was issued on October 12, 2023.

After considering the technical and financial capability of the applicant, the OEB finds that it is in the public interest to grant the application and issue the unit sub-metering licence to Provident Energy Management Inc. The OEB notes the application was filed by the applicant 11 days prior to the expiration of the existing licence. Applicants are reminded of the importance to apply for renewal of any licence sufficiently prior to the expiry date to allow for processing of the application.

IT IS ORDERED THAT:

1. The application for a unit sub-metering licence is granted, on such conditions as are contained in the attached licence.
