Dear Nancy Marconi:

**Re: Selwyn Community Expansion Project (“Selwyn Project”) (EB-2022-0156)  
Environmental Defence (“ED”) Motion to Review (EB-2023-0313)**

Enbridge Gas has reviewed the Ontario Energy Board’s December 13, 2023 Decision and Order denying the ED Motion to Review and validating that the original order approving the Selwyn Project leave to construct remains in full force and effect.

As a result, Enbridge Gas hereby notifies the OEB that it intends to restart construction on the Selwyn Project effective today, December 15, 2023, noting that it may take a few days to fully re-mobilize crews and equipment.

Should you have any questions, please let us know.

Sincerely,

Patricia Squires
