Dear Mr. Lessard:

Re: GreenFirst Forest Products (QC) Inc. (GreenFirst)
Application for an electricity generation licence amendment
File: EB-2023-0342

This is further to the Ontario Energy Board's (OEB) letter dated November 28, 2023, advising that your electricity generation licence amendment application was incomplete and the additional information that you subsequently filed on December 12, 2023. The OEB has completed its review of the additional information and has determined that your application can now be processed.

The application will be decided by an employee of the OEB who has been delegated this authority under section 6 of the *Ontario Energy Board Act, 1998* (Delegated Authority). The Delegated Authority intends to make a decision on the application without holding a hearing.

If required, OEB staff will contact you directly to seek clarification regarding the application or to request additional information. Please note that the timely processing of the application depends on the receipt of information within the specified timelines.

GreenFirst is reminded that it is responsible for ensuring that the documents it files with the OEB, such as its evidence, responses to interrogatories and any other supporting documentation, do not include personal information (as that phrase is defined in the *Freedom of Information and Protection of Privacy Act*), unless filed in accordance with rule 9A of the OEB's *Rules of Practice and Procedure*.

Please direct any questions to Natasha Gocool, Advisor, Transmission Policy & Compliance at natasha.gocool@oeb.ca. Please refer to the OEB file number noted above in all future correspondence to the OEB regarding your application.

Yours truly,

John Pickernell
Manager, Applications Administration
