To: **Registered Participants in the Consultation for Benefit-Cost Analysis Framework for Addressing Electricity System Needs**

Re: **Stakeholder Feedback Extension | Draft Phase One Benefit-Cost Analysis Framework, Ontario Energy Board File Number: EB-2023-0125**

On Thursday, December 14, 2023, the Ontario Energy Board (OEB) issued its draft Phase One Benefit-Cost Analysis Framework for Addressing Electricity System Needs (Framework). At that time, the OEB invited registered stakeholder participants to provide written feedback on the draft Framework by Tuesday, January 16, 2024.

On Monday, December 18, 2023, the OEB received [correspondence](#) from Hydro Ottawa, Alectra Utilities, Elexicon Energy, Hydro One Networks, and Toronto Hydro (as the Coalition of Large Distributors) requesting an extension to the draft Framework stakeholder review period to Thursday, February 1, 2024.

The OEB is granting this request for extension to all registered stakeholder participants. **Registered stakeholder participants are now invited to provide written feedback on the draft Framework by Thursday, February 1, 2024.** All other provisions and instructions in the OEB's [draft Framework issuance letter](#) remain unchanged.

Any questions relating to this letter should be directed to Alexander Di Ilio at alexander.diilio@oeb.ca, 416-440-7718, or toll-free 1-888-632-6273.

Yours truly,

Nancy Marconi
