Intervention Form

Case Number:

EB-2023-0195

Intervenor Name:

Enbridge Gas Inc.

Mandate and Objectives:

Enbridge Gas is an Ontario Corporation with its Registered Offices at the City of Toronto and the Municipality of Chatham-Kent, in the Province of Ontario. Enbridge Gas is a regulated public utility which combines the operations of selling, distributing, transmitting and storing natural gas within the meaning of the Ontario Energy Board Act, 1998.

Enbridge Gas has been providing gas services to residential and business customers within the City of Toronto since the Act to Incorporate the Consumers' Gas Company of Toronto was implemented in 1848.

OEB Proceedings:

EB-2022-0246 - EPCOR Brockton Leave to Construct (intervenor status granted)
EB-2022-0094 - Price Paid for Local Gas Production / System Access (intervenor status granted)
EB-2021-0269 - EPCOR Brockton CPCN Amendment (intervenor status granted)
EB-2021-0238 - Six Nations Natural Gas - CPCN (intervenor status granted)
EB-2020-0232 - EPCOR CPCN Amendment - South-West Oxford (intervenor status granted)

Issues:

In its application, Toronto Hydro indicates that a key part of the City of Toronto's "TransformTO Net Zero Strategy" requires switching from natural gas in home/building heating to electricity-powered alternatives, adopting more distributed energy resources (DERs) and using energy storage systems. These are matters driven by the energy transition that will impact natural gas use within the City of Toronto and are therefore of direct interest to

Enbridge Gas.

Policy Interests:

Enbridge Gas has a direct interest in all matters of jurisdiction, substance and procedure in the regulation of public utilities, and in any decision of the Ontario Energy Board, which may create a precedent affecting Enbridge Gas' operations and/or rates.

Hearings:

No preference in hearing format.

Evidence:

Unknown at this time.
