VIA EMAIL and RESS

Nancy Marconi
Registrar
Ontario Energy Board
2300 Yonge Street, Suite 2700
Toronto, Ontario, M4P 1E4

Dear Nancy Marconi:

**Re: Enbridge Gas Inc. (“Enbridge Gas” or the “Company”)
Ontario Energy Board (“OEB”) File No.: EB-2022-0248
Mohawks of the Bay of Quinte Community Expansion Project (“Project”)**

On September 21, 2023, the OEB issued its Decision and Order for the above noted proceeding which included, as Schedule A, several Conditions of Approval.

Per Condition 2 (b)(ii) of the Conditions of Approval, Enbridge Gas shall give the OEB notice in writing of the planned in-service date, at least 10 days prior to the date the facilities go into service. Enbridge Gas is therefore advising the OEB that the facilities are planned to begin going into service on January 22, 2024. Please note that this is the date that segments of natural gas pipeline will be available for customers to attach to and receive natural gas service. Segments of natural gas pipeline will continue to be installed after this date and it is anticipated that all of the facilities described in Enbridge Gas’s Application and Evidence filed on December 20, 2022 will be available for customers to attach to by June 2024.

After all facilities included this Application are installed and in-service, Enbridge Gas will notify the OEB of the full Project in-service date within 10 days per Condition 2 (b) (iv) of the Conditions of Approval and will file a post construction report within 3 months to satisfy Condition 7 (a).

Please contact me if you have any questions.

Yours truly,

Evan Tomek
