## **Issues:**

Pollution Probe represents a consumer interest related to the issues list for this proceeding, including:

- Project Need
- Project Cost and Economics (including recovery of costs for proposed alternative)
- Project Routing and alternatives

## **Policy Interests:**

Pollution Probe represents a policy interest related to the LTC issues list applicable to this proceeding. Specific project issues include socio-economic and environmental impacts, policy and other requirements applicable to this specific project. Given that the proposed project is only a temporary solution, the OEB's assessment of the application may also result in the need for additional projects in the 2030 timeframe.

## **Hearings:**

It is recommended that the OEB reserve judgment on the format until after the Interrogatory stage for the proceeding. This is a common practice for similar Leave to Construct proceedings and provides flexibility to the OEB should it be required.

## **Evidence:**

At this time Pollution Probe does not intend to commission expert evidence. However, based on the issues outlined in the application Pollution Probe may provide relevant materials to the OEB during the proceeding to enhance the public record.

## **Coordination with Other Intervenors:**

Pollution Probe has been an active and valuable participant in OEB proceedings and will continue to coordinate its activities with impacted consumers, intervenors, project stakeholders and other parties as appropriate.

## **Cost Awards:**

Pollution Probe respectfully requests your acceptance of this request to participate and confirmation that it will be eligible for its costs.

Pollution Probe is a not-for-profit charitable organization. We receive individual donations as well as funding for consumer and research projects. Without the prospect of an award of costs, Pollution Probe's ability to participate in the consultation process would not be possible.
