On January 19, 2024 Wellington North Power Inc. received an updated 2024 IRM excel model from OEB staff. The excel model had been updated by OEB staff to reflect the following:

- a) Decision & Rate Order 2024 Uniform Transmission Rates, EB-2023-0222 (January 18, 2024).
- b) Partial Decision & Rate Order Hydro One Networks Inc., EB-2023-0030 (December 14, 2023), including 2024 Sub-transmission rates to be charged to embedded distributors such as Wellington North Power Inc.
- c) Regulated Price Plans (RPP) for Winter Time-of-Use Rates effective from November 1, 2023 as published by the OEB on issued October 19, 2023.

The Applicant has reviewed the updated 2024 IRM excel model. I can confirm that the updates made by OEB staff in the 2024 IRM Excel model provided to the Applicant on January 19, 2024 accurately and correctly reflect the latest rates and charges as detailed within the proceedings noted above.
