**Re: Consultation on Energy Issues Relating to Low Income Consumers
Board File No.: EB-2008-0150**

On July 2, 2008 the Board issued a letter advising stakeholders that it was initiating a consultation process to examine issues associated with low income energy consumers in relation to their use of natural gas and electricity.

In a subsequent letter, issued September 5, 2008, the Board requested written comments following the completion of a stakeholder conference, which was held from September 22 to 25, 2008. The letter indicated that these written comments would be due October 7, 2008.

The Board has decided it is necessary to change the due date for written comments. Written comments will now be due October 21, 2008.

The transcripts of the stakeholder conference are now available on the Board's website. The webcast will be available shortly.

Yours truly,
