EB-2023-0071 – Electric Vehicle Integration (EVI)

EB-2023-2025 – IESO Revenue Requirement Submission (EB-2022-0318)

Electric Delivery Rates for Electric Vehicle (EV) Charging Report and Invitation to Stakeholder Meeting

Environmental Defence has not been denied intervenor status in an OEB proceeding in the last 24 months.

Issues:

Environmental Defence wishes to address important issues relating to its mandate, such as:

(1) Whether the line has been appropriately sized to result in the lowest cost to consumers accounting for line losses and other applicable factors; and

(2) Whether the line has been appropriately sized in light of future load growth that may arise due to the energy transition.

Policy Interests:

Environmental Defence's interest in this proceeding is in promoting both the public interest in environmental protection and the interests of consumers whose energy bills can be reduced through measures that lower both costs and environmental impacts.

Hearings:

A written hearing is likely sufficient.

Evidence:

Environmental Defence does not plan to file evidence in this proceeding.

Coordination with Other Intervenors:

It is difficult to speak to coordination with other intervenors without knowing which organizations will intervene in this case. However, as we have done in numerous other proceedings, Environmental Defence will make efforts to coordinate with other intervenors where appropriate.

Cost Awards:

Environmental Defence is eligible for a cost award primarily under s. 3.03(b) of the Practice Direction as it primarily represents an interest or policy perspective relevant to the Board's mandate and to the proceeding for which cost award eligibility is sought, namely environmental and climate protection. In addition, with respect to s. 3.03(a) of the practice direction, Environmental Defence also represents the interests of consumers whose energy bills can be reduced through measures that lower both costs and environmental impacts.

Language Preference:

We do not intend to participate in French.
