Dear Ms. Walli:

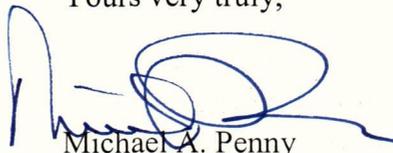

**Re: EB-2007-0606 / EB-2007-0615**

I am writing in connection with the Ontario Energy Board's Procedural Order No. 10 issued November 7, 2007. That order deals with production of Union's last annual and the last two quarterly Recording and Recordkeeping Requirements ("RRR") filings in response to a request from the School Energy Coalition. The last two RRR filings as of November 7, 2007 were from the first and second quarters.

Union notes that the third quarterly RRR filing will be submitted to the OEB shortly. Union assumes that the SEC and other intervenors will want to review this third quarter RRR filing as well and that they would wish to do so before the commencement of the settlement conference in this proceeding on December 6. Union is content to produce it on the same terms outlined in Procedural Order No. 10 (as determined in the context of SEC's concerns about the form and scope of the undertaking).

Accordingly, regardless of the manner of disposition of the issue the SEC has raised about the form and scope of the undertaking required for production of the RRR filings, Union is requesting that the OEB's order include a direction to produce its third quarter RRR filing as well.

Yours very truly,

Michael A. Penny
