Toronto, ON M4P 1E4

Dear Ms. Marconi,

**EB-2023-0291 – Hydro One Networks Inc. Renewable Generation Funding Application – Interrogatory Response Extension Request**

Hydro One is respectfully requesting a two-week extension to file the interrogatory responses that would have otherwise been due February 8<sup>th</sup>, 2024.

Hydro One continues to work through issues with the Renewable Generation Connection Rate Protection (RGCRP) model assumptions and the associated historical account entries to ensure that all amounts are accurate prior to submitting its interrogatory responses. Because of the foregoing, Hydro One will not be able to file its interrogatory responses on February 8<sup>th</sup>, 2024, and is requesting an extension to February 22<sup>nd</sup>, 2024. We will keep OEB Staff apprised of our progress and inform them if an earlier filing date for interrogatory responses is possible.

In addition to the extension request, Hydro One offers to schedule a session with OEB staff to discuss its changes to the RGCRP model assumptions following its interrogatory response submission.

An electronic copy of this request has been submitted using the Board's Regulatory Electronic Submission System.

Sincerely,

Elise Andrey
