Dear Ms. Andrey:

**Re: Hydro One Networks Inc.
Renewable Generation Funding
Ontario Energy Board File Number: EB-2023-0291**

This letter is in response to your letter to the Ontario Energy Board (OEB) dated February 6, 2024, requesting a second extension to file the interrogatory responses from February 8, 2024, to February 22, 2024. In that letter, you indicate that Hydro One Networks Inc. continues to work through issues with the Renewable Generation Connection Rate Protection (RGCRP) model assumptions and the associated historical account entries to ensure that all amounts are accurate prior to submitting its interrogatory responses. Because of the foregoing, Hydro One Networks Inc. will not be able to file its interrogatory responses on February 8th, 2024.

In the letter, Hydro One Networks Inc. also offers to schedule a session with OEB staff to discuss its changes to the RGCRP model assumptions following its interrogatory response submission.

The OEB grants Hydro One Networks Inc.'s request for an extension. Hydro One Networks Inc. shall file responses to interrogatories by February 22, 2024. The application remains paused, and the OEB will resume processing the application once the responses to interrogatories are received. In addition, Hydro One Networks Inc. should work with OEB staff to schedule the session to discuss changes to the RGCRP model assumptions and any outstanding issues prior to the interrogatory response submission.

The dates for other procedural steps in Procedural Order No. 1 will also be extended by 35 days.

Any written submission by OEB staff shall be filed with the OEB and served on all other parties by March 13, 2024.

Hydro One Networks Inc. may file a written reply submission with the OEB by March 28, 2024.

Please direct any questions relating to this application to the Case Manager, Narisa Jotiban, at Narisa.Jotiban@oeb.ca.

Yours truly,

Nancy Marconi
Registrar
