Dear Ms. Marconi,

**Re: Independent Electricity System Operator
2024 and 2025 Incremental Revenue Requirement Submission
Ontario Energy Board File No.: EB-2024-0004**

The Independent Electricity System Operator (IESO) is filing revised evidence as noted below:

- Exhibit A-1-4 Executive Summary

The revisions to the above exhibit are needed to address the following correction:

- to correct the effective date of the proposed usage fees for 2024 of \$1.4516/MWh for domestic customers including embedded generation and \$1.2549/MWh for export customers to be effective on the next billing cycle following the month in which OEB approval is received.

The revision to the exhibit has been blacklined for reference.
