2300 Yonge Street, Suite 2700, P.O. Box 2319  
Toronto, Ontario M4P 1E4

Dear Ms. Marconi,

**Re: EB-2023-0197 – K4 Reconductoring Project**

Enclosed please find the interrogatories of Environmental Defence in the above matter. We have conferred with Hydro One and OEB staff, and they both consent to receiving these interrogatories today, with Hydro One's deadline to respond being extended to March 18, 2024, and the deadline for submissions remaining March 21, 2024. In that way, there would be no impact on the schedule. In light of the consent of all parties, we do not believe another Procedural Order is necessary. In the alternative, if the OEB believes an order is required, we ask that the deadline for Environmental Defence interrogatories be extended to today and the deadline for the responses to these interrogatories be extended to March 18, 2024, with no other changes to the schedule.

Please accept my apologies for this late request, which has occurred due to inadvertence on my part. I first discovered the oversight yesterday and I immediately took steps to rectify it. As the oversight was mine, I am proposing to make up for the time by preparing submissions on a very abridged timeline.

Yours truly,

Amanda Montgomery
