THE SOCIETY
OF ENERGY PROFESSIONALS
IFPTE LOCAL 160

Re: EB-2007-0905 OPG Rate Application

Dear Ms Walli,

The following is to inform you that the Society of Energy Professionals (SEP) is requesting intervener status in the above OPG rate application. Our interest in this application is in protecting the electricity rate payers of Ontario so that they may continue to enjoy a safe, reliable and affordable electricity system. As such we will be reviewing the total revenue requirements with a view to ensuring that the electricity operating and maintenance budget and the proposed capital expenditures are prudently incurred.

The SEP represents more than 7,600 professional employees in the electricity industry in Ontario, including engineers, scientists, supervisors and others. The Society is an affiliate of the International Federation of Professional and Technical Engineers.

We request that there be an oral hearing. The application is complex and requires an open oral hearing to permit a full testing of the evidence.

Please direct all communications to the SEP and our representative to:

The Society of Energy Professionals
IFPTE Local 160, AFL-CIO, CLC
